

# Install Aurpay App from BigCommerce's Marketplace

You need to install the CoinPayments app from BigCommerce's marketplace. Download link can be found here. Once you go to BigCommerce's marketplace, search for **Aurpay**. Then, click on the app.

Next, click on the **GET THIS APP** button

#### About the app

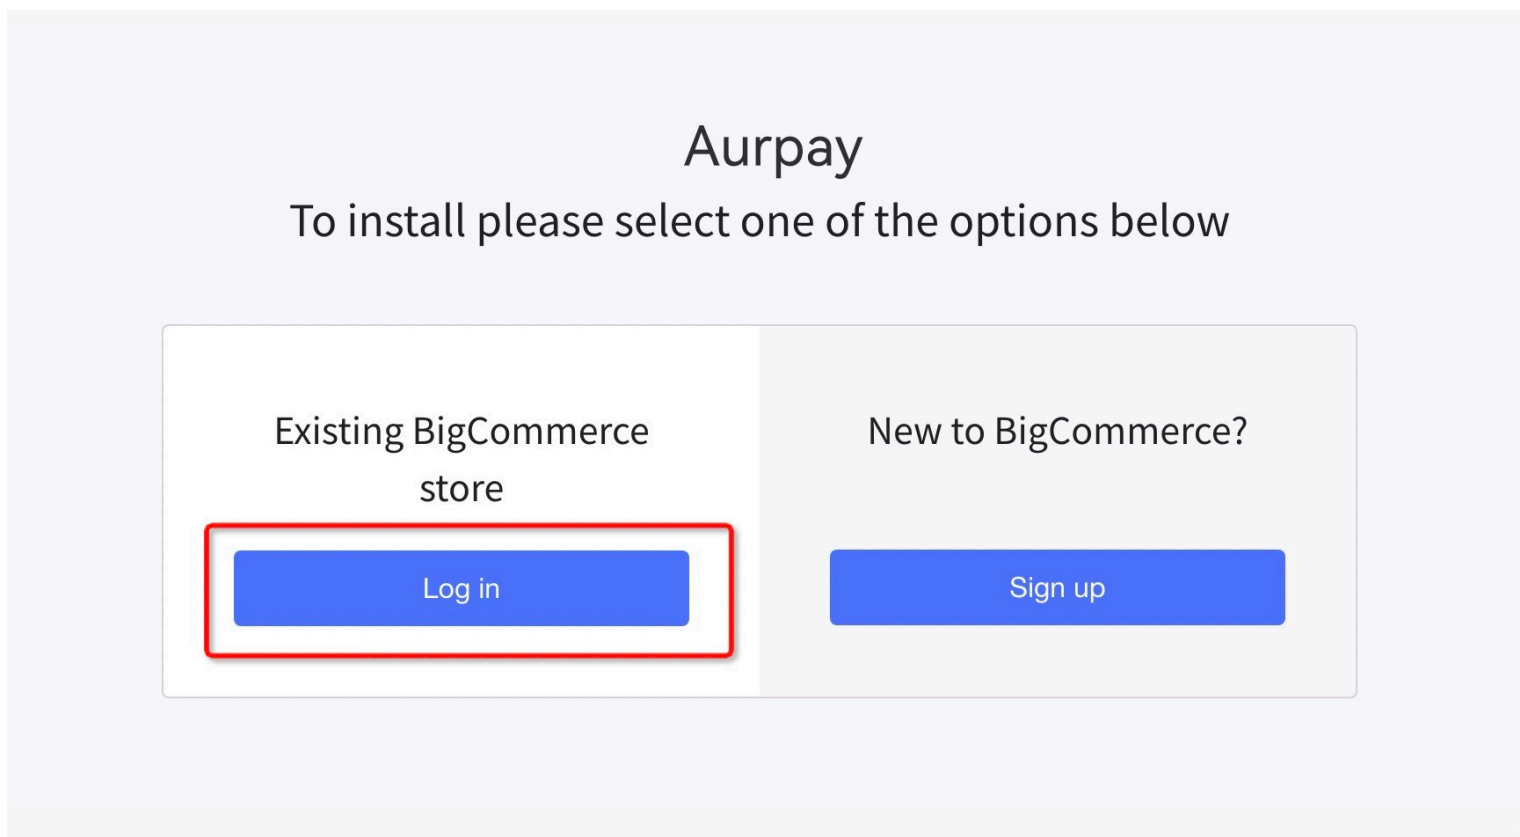

Aurpay is a global blockchain technology firm that enables businesses of all sizes to access enterprise grade cross-border payments, via our advanced platform or API. Businesses can accept payments and send payouts globally in one single platform. Aurpay

#### Pricing

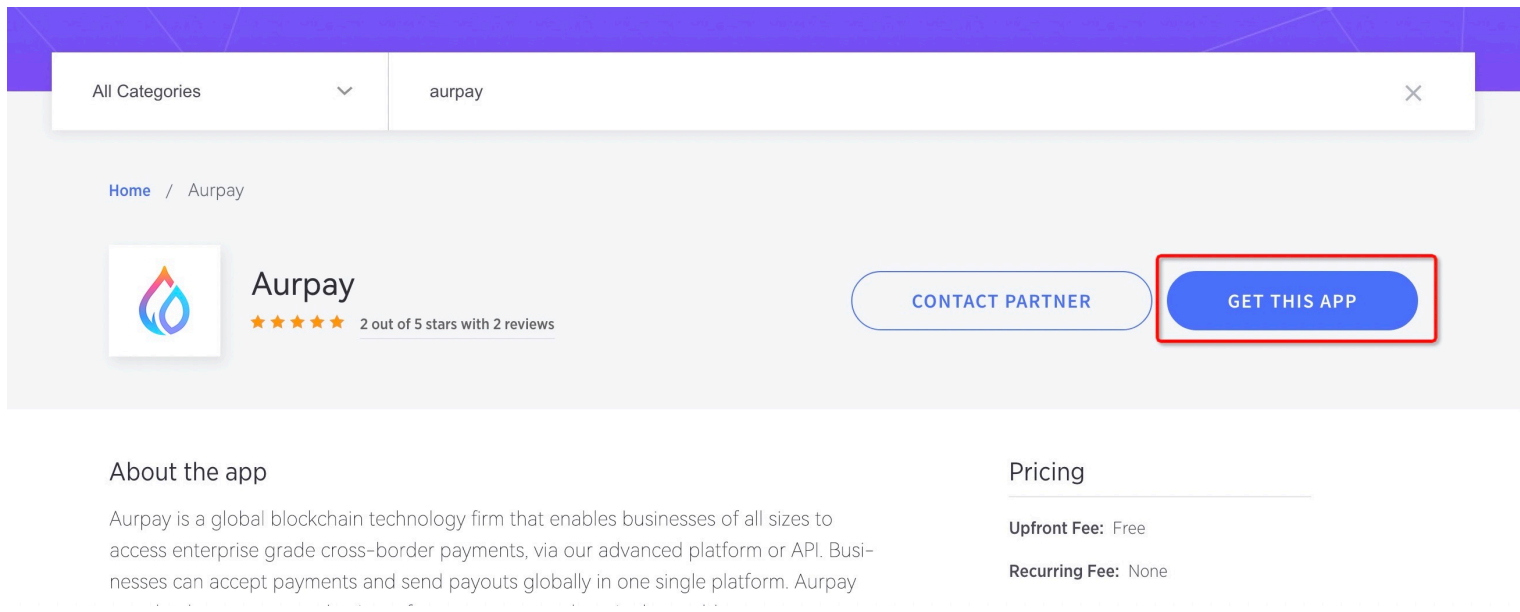

**Upfront Fee:** Free

**Recurring Fee:** None

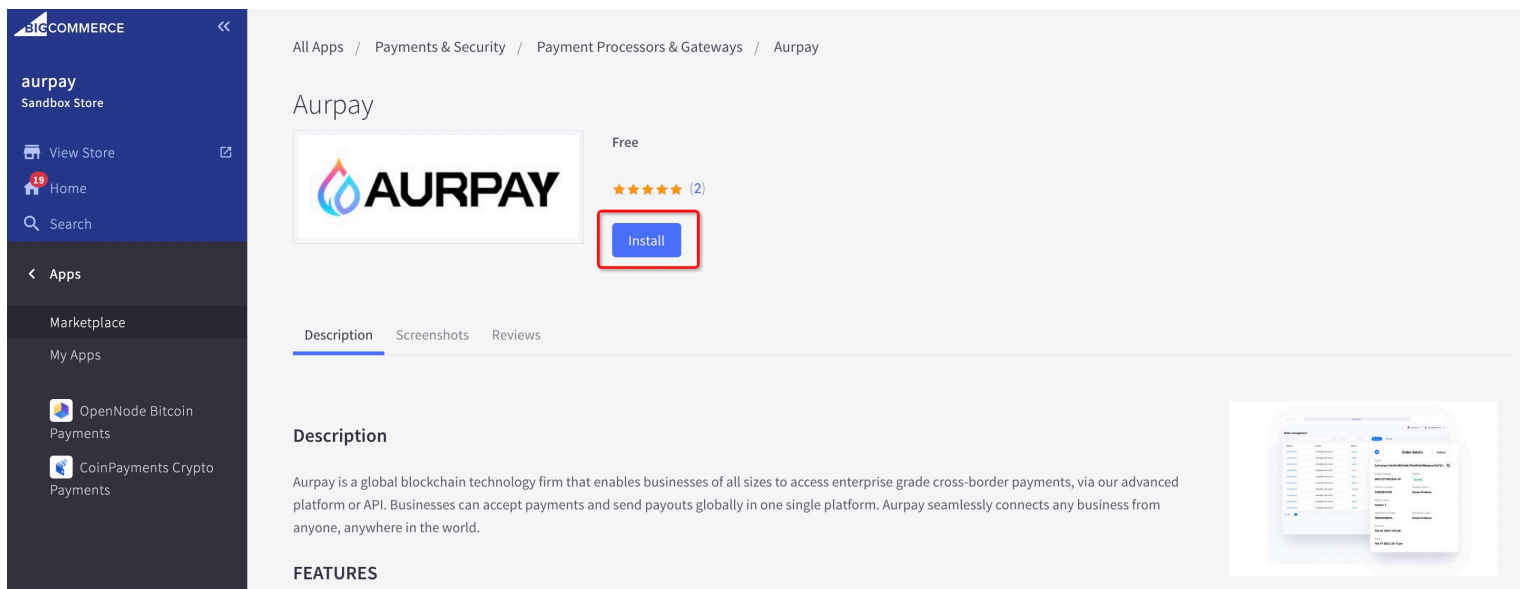

Then, if you have a BigCommerce account, you should click the **Login** button. If you do not have a BigCommerce account, you can set up a new account by clicking the **Sign-up** button.

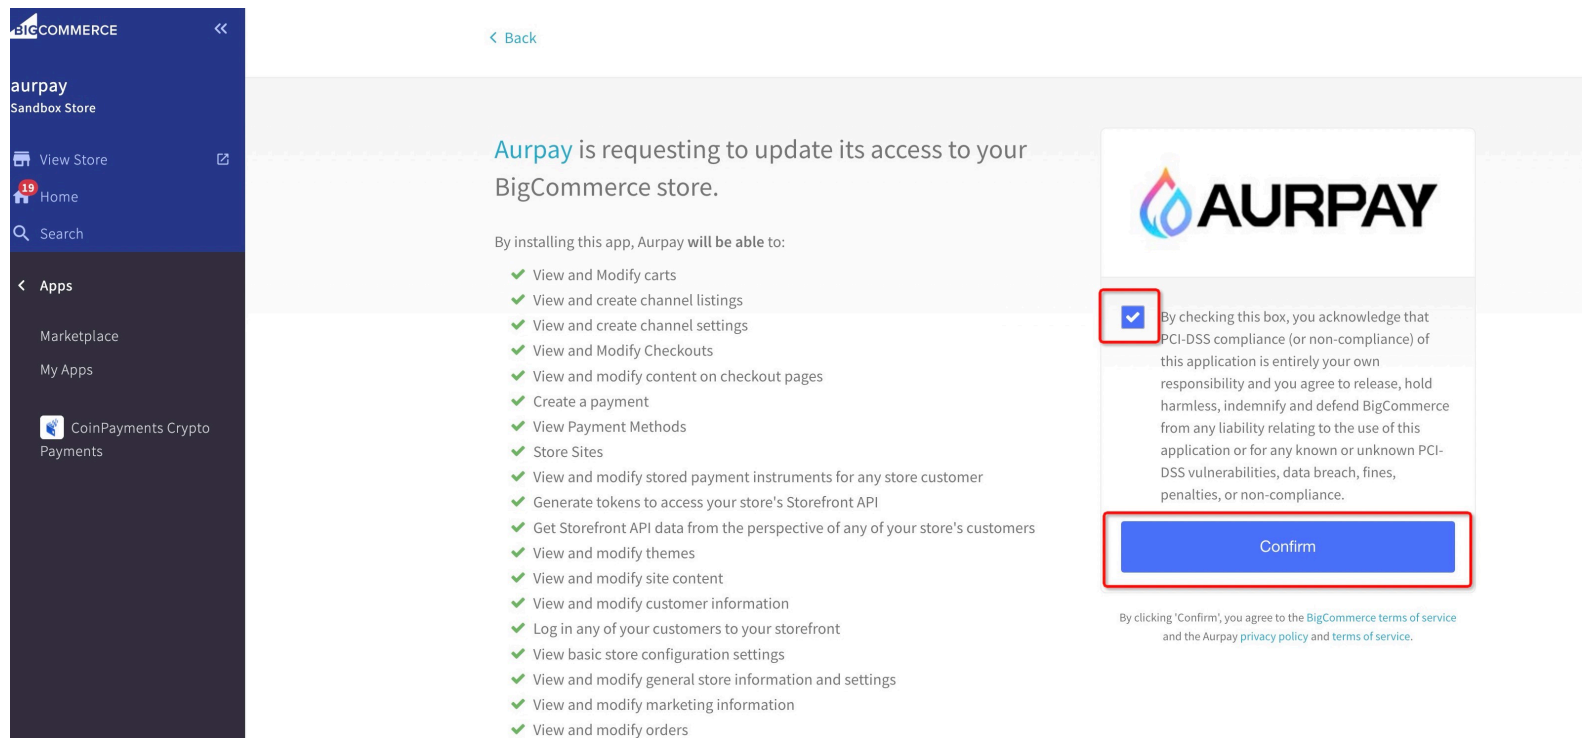

After you logged in successfully, you need to click the **Install** button.

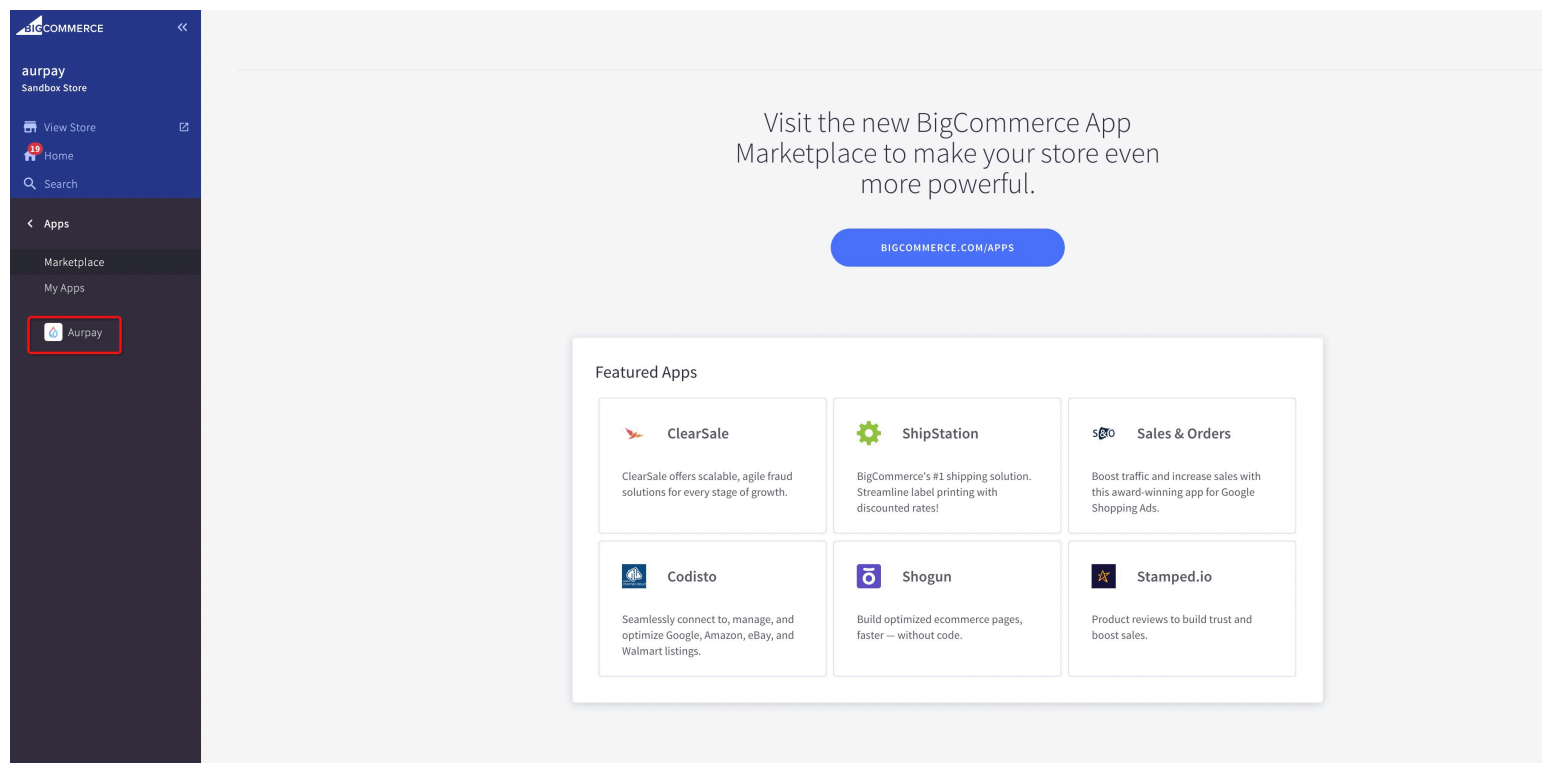

Then, if you have a BigCommerce account, you should click the **Login** button. If you do not have a BigCommerce account, you can set up a new account by clicking the **Sign-up** button.

Make sure to check the **non-compliance checkbox** and click the **Confirm** button.

Once the app is successfully installed it will appear in the app section

Enter the *Merchant ID* and *IPN Secret* you copied previously. Click **Save** to save the app configuration settings.
